Contract Renewals

Ingenta plc (AIM: ING), a leading provider of innovative content solutions, is pleased to announce that it has secured three, multi-year customer renewal contracts for its Vista solution, with a total value of £3.3 million over 3 years.

These contracts follow Ingenta’s recent improvements to its customer support and service models for existing Vista customers.

One of the three publishers, Human Kinetics (HK), has been using the Ingenta system since 1999. The renewal of their contract and move to the new “Vista as a service” model mark the next stage of the evolving partnership.

Scott Winner, CEO of Ingenta, said:

“Our Vista system continues to enable our valued customer base and represents 40 years of partnerships between Ingenta and the publishing community. This is a testament to our extensive industry knowledge and dedication to providing practical industry solutions. Recently, we have released further upgrades to Vista and have now enabled Vista as a service.”
