

Linux Systems Administrator

Ref: ING252

Location: Oxford OX4 2HU

Position Type: Full Time

We have a tremendous opportunity to be part of a growing and ambitious company as a Linux Systems Administrator to support and develop the computing infrastructure of Ingenta Plc. If you would like to enhance your skills with future career potential, we would love to hear from you!

The Systems Administrator will be responsible for system administration of globally distributed Linux servers and associated infrastructure involving troubleshooting, monitoring, tuning and application support. This covers multiple locations including cloud based services in AWS. In addition to this you will conduct performance monitoring of production servers and support of filestore and data backup systems. You will also be participating in the 24*7 On-call rota.

The successful candidate will be enthusiastic and keen to learn with good communication and organizational skills, strong problem solving abilities along with the ability to work in an international, geographically dispersed team. You will need experience working with Linux operating systems environments, knowledge of networking environments and hands-on server hardware maintenance.

If you are interested in this exciting role please forward your CV to recruitment@ingenta.com quoting **job reference ING252**.
