# **Ingenta Partners with Tipalti to Deliver Complete IPO Solution; Partnership Helps Automate Payments and Manage Royalties**

Oxford, UK and SAN MATEO, Calif – Ingenta, the leading intellectual properties management company and Tipalti, the leading global payables automation company, have announced today that they are expanding their financial capabilities within each of their systems by forging a partnership. This combined solution helps expedite cash flow and provide an accurate and comprehensive royalty reporting process.

"With this partnership we are bringing to market an "all-in-one" solution that will make it easy for our clients to simplify the IPO and compliance process," said Chen Amit, Chief Executive Officer and Co-founder of Tipalti.

Scott Winner, CEO of Ingenta stated that *"We're thrilled to have the opportunity to partner with Tipalti and offer complete and comprehensive compliance and IPO solutions for our existing and future clients to help them throughout the entire royalties process."*

## Powered by Ingenta Folio

[Ingenta Folio](#) is a web-based solution, with a standard set of APIs for simple integration and zero client installation for ease of access. Be Confident in your copyright compliance and monetize your intellectual property with time tested rights and royalty management. With a clear picture of what you own, you can market more efficiently, manage your products life cycle, gain control of your rights income, and manage permissions to make sure you are copy compliant.

Ingenta folio simplifies the complexities of ownership, administration, and reporting related to contractual rights, income, and payments, eliminating the need for time-consuming manual processes. With Ingenta folio you can streamline your content management, eliminate manual processes, and sell more of what you own.
